PROFESSIONAL EXPERIENCES

2016: SPAIN; Bilingual assistant in Public relation, costumer relationship, and animation in the Hotel Checkin Pineda:

(As responsible of the animation, I write animation daily programs in English, French and Spanish. Then I prepare and write advertisements in English, French and Spanish, and I make announcements in these three languages at the microphone. After that I run these programs such as aerobics, morning for adults and for children, painting, face painting, and at night I run the mini disco for children. Then in the evening I help clients who do not speak Spanish to orders at the bar or to solve some misunderstanding or problem. When customers are rare for animation programs I talk face to face with the hotel guests so as to explain them that these programs are free to encourage them to participate and dispel the fear of payment that made them hesitate).

2015: CHINA assistant marketing in Mandarin Spring:

(Physical and telephone reception of clients, schedule appointments with customers, help in organizing events related to the promotion of the company, , translation of advertisements from English into French, Prospecting and updating of websites and advertisements).
